Večnamenski prostor / "html"

V naš večnamenski prostor HTML lahko dodamo različne elemente, ki omogočajo ustvarjanje kreativnih in interaktivnih vsebin. To vključuje:

- **Tekst:** Uporabite besedilo za programe, predstavitev informacij, pojasnila ali daljše opise.
- **Slike:** Dodajanje slik lahko vizualno obogati izgled prostora.
- **YouTube/Vimeo videoposnetki:** Vstavljanje videoposnetkov omogoča predvajanje multimedijskih vsebin.
- **Hyperlinki:** Dodajanje povezav omogoča navigacijo med različnimi deli platforme ali prehod na dodatne spletne strani izven platforme.
- **Grafični elementi:** Uporaba oblik, barv, in stilov za oblikovanje lahko poudari ključne točke in izboljša vizualni izgled.
- **Interaktivni elementi:** Uporaba obrazcev, gumbov in drugih interaktivnih elementov omogoča sodelovanje občinstva in izvajanje dejanj, kot so npr: pošiljanje obrazcev kar znotraj platforme.
- **Spletna stran:** Integracija spletnih strani in drugih aplikacij prek iframe integracije lahko razširi funkcionalnosti in izgled vašega dogodka.

The image shows a pop-up notification from Confiva. The notification has a yellow header with the text "Are you planning your next event?" and a QR code. Below the header, there is a white section with the text "Create the best online event experience!" and "Virtual Showroom is a solution for brands and retailers to present their products or services". At the bottom of the white section, there are two buttons: "Skrij" and "ENTER". Hand-drawn annotations in blue, red, and yellow connect the text in the notification to the corresponding text in the list on the right.
